**Questions and comments will be accepted during the webcast and can be  
emailed to: [2010ccp@aqmd.gov](mailto:2010ccp@aqmd.gov)**

---

**Purpose of This Meeting**

The South Coast Air Quality Management District (AQMD) has scheduled a public workshop regarding the 2010 Draft Clean Communities Plan. The purpose of the Public Workshop is to present the Draft 2010 Clean Communities Plan and to provide an opportunity for the public to comment on the Draft 2010 Clean Communities Plan and any environmental concerns associated with the 2010 Draft Clean Communities Plan before it is presented to the AQMD's Governing Board in November.

**2010 Draft Clean Communities Plan**

The Draft 2010 Clean Communities Plan is a planning document that outlines AQMD's overall air toxics control strategy. It is not a legally binding document. It contains a set of possible future actions to address cumulative toxic impacts that affect neighborhoods and communities within the district including possible future source-specific control actions.

The Draft 2010 Clean Communities Plan includes 22 measures that are grouped into seven categories which address community exposure reduction; community participation; communication and outreach; agency coordination; monitoring and

compliance; source specific actions; and air quality related public nuisances.

The Draft 2010 Clean Communities Plan was released for public review and comment at the April 2, 2010 Governing Board meeting. The Final Draft Clean Communities Plan will be presented at the November 5, 2010 Governing Board meeting for their approval.

**To Obtain Copies of the Clean Communities Plan**

The 2010 Draft Clean Communities Plan is available on the AQMD website at:  
<http://www.aqmd.gov/aqmp/CCP.html>.

**Submission of Comments**

You are invited to attend the meeting and may email comments to [2010ccp@aqmd.gov](mailto:2010ccp@aqmd.gov) or to:
